Learn how to Price Your **Page 2** eBook

You've got written and compiled an **Page 2** ebook. Now you must determine how a lot to cost for it. Finding the precise value is essential to the success of your product. If you cost too little Page 2, folks will think it's of little worth, they usually won't purchase it, and even if they do buy your e-book, you'll have to sell hundreds of copies to get to the point the place you can begin to see a profit. When you *Page 2* price it too high

when put next along with your competition, one can find your self steadily lowering the price, which can trigger you every kind of new problems in the future.

Selecting the best worth in your **Page 2** book is among the most crucial parts of the advertising process. The first rule of pricing ebooks is to by no means underprice. Determine the highest price your viewers can afford, and then in the event you find your ebook isn't promoting, you possibly can at all times cut back the price. Before you are taking that step, ensure you are selling your Page 2 guide like crazy on the Web and on websites. The price must be geared toward bringing in profits, but you need to never overlook that worth is one of the elements that people use in judging the worth of your *Page 2* e-book ? earlier than they purchase it. So at all times begin with the very best price, and then launch a mega-advertising campaign.

Pricing an e-book is especially troublesome because ebooks are a fairly new commodity. Since they are digital, the value of an e book is as

confusing because the understanding of what digital actually is to the common layperson. Which means we should have a look at ebooks in a distinct light in order to decide their actual value in this brave, new cyber world.

Let's look at the distinction between a book in print and an ebook. A printed book is an object you possibly can maintain in your hand, retailer in your bookshelf, even hand down to the next generation. It's priced on components such as paper stock, design and manufacturing costs, and marketing.

However the truth that unites ebooks and print books is that they are composed of ideas. It's the ideas in these books which have the power to alter, or probably rework, people's lives.

What do you suppose an idea is value when evaluated against the cost of paper and ink?

It's the IDEAS which might be helpful! That's the way you decide the price of your ebook.

What ought to I charge for my ideas?

There are all different formulation and strategies for figuring out the correct value in your ebook. Let's start with honing in on your final goals.

Determine if your objective is to get vast distribution and most exposure. This objective is aimed toward drawing clients to your business or service, or to establishing the credibility of your reputation. If that is your

primary aim, you must goal to keep your value on the low side. Some authors have even priced their ebooks at a revenue loss to draw a excessive variety of new customers. The key is to find a worth that maximizes your profits and the variety of books you sell.

This is a wonderful pricing technique if you're looking to purchase long-time period customers. Lengthy-term prospects are extremely likely to purchase from you once more and again ? as long as the primary ebook they purchase is of exceptional quality and helpful to the customer.

However, if your book accommodates worthwhile ? and more importantly NEW data, references, or strategies ? then it is best to goal to cost it on the high end.

After you figure out your objective, you will need to determine what your

viewers' want is for your ebook. For instance, does your e book solve a specific problem? If it does, and solves it in a way that hasn't been written about in 100 different ebooks, you'll be capable of achieve excessive gross sales at a high price. If your e-book solves a problem or answers questions in a new and distinctive means, it is best to worth your book as excessive as you may go. You'll obtain larger profits this way, but herald fewer customers. Just make sure that the query or drawback that your e-book solves is one which is essential and relevant to the vast majority of your market audience. In case your ideas aren't common knowledge, or you might be presenting a model new approach, it is possible for you to to promote books at a high price. Simply be prepared in your competitors to undercut you on worth as soon as they hear about your book.

Needless to say the above pricing technique is temporary. Ultimately,

you'll cease to promote books at this excessive price. So figure out upfront how long you plan to offer your e book at this excessive value, and when that time is up, change your pricing strategy.

If you want to see large income over buyer draw, intention for an audience that is searching for easy solutions to their issues at a low price. In case your ebook is aimed toward fixing one specific drawback relatively than normal advice, then you may cost more. Begin at the highest price the market will bear to herald the largest income, and plan to low cost the guide a variety of occasions throughout the year.

Advertising and marketing Methods

The key that unlocks the gross sales potential of your ebook is to find a single sentence that becomes your promoting handle. This sentence

states what query or downside your e-book solutions and the benefits your e-book can provide. Then be sure to use that sentence in every piece of gross sales and promotional material, and every time anybody asks you about your ebook.

Moreover selling your books assiduously on-line, there are a number of different strategies that may allow you to promote more books.

One is to present one thing away at no cost with your e book, akin to a valuable bonus item. Or bundle a number of ebooks under one value, which lowers the price for each e-book in the event that they have been bought separately.

An effective approach for determining a value is to send out a survey to your current customers. If these prospects have already bought an e-

book from you, ask for his or her opinion in terms of price. Do that by making a gross sales page for the brand new guide, however do not embody a price on that page. As an alternative, add a number of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to test out costs by creating a number of duplicate gross sales pages with different costs on each page. Be sure your gross sales copy is exactly the identical on every web page, and contains your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your website and sales of your book. This can inform you what your optimum value is.

Ultimately, if you've written a ebook that solves a drawback or presents a brand new method, your guide will bring in each traffic and profits. So

you'll want to write that promoting-deal with sentence that sums up what problem your e-book solves and what the advantages of your *Page 2* ebook might be to the customers who purchase it. And then watch your market come to you!
