In addition to selling your books assiduously on-line, there are a number of other strategies that may assist you to promote extra books.

One is to give something away without spending a dime with your guide, resembling a beneficial bonus item. Or bundle several ebooks below one price, which lowers the value for every ebook in the event that they had been offered separately.

An efficient method for figuring out a worth is to ship out a survey to your current customers. If these clients have already bought an e book from you, ask for his or her opinion in terms of price. Do that by creating a sales web page for the brand new book, however do not include a worth on that page. As an alternative, add various links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to check out prices by creating a variety of duplicate gross sales pages with different prices on every page. Make sure your sales copy is exactly the identical on each page, and contains your selling-handle sentence. Then determine for each web page the conversion ratio between guests to your site and gross sales of your book. This may let you know what your optimum value is.

Finally, when you've written a book that solves a problem or presents a new method, your guide will usher in each visitors and profits. So you'll want to write that selling-deal with sentence that sums up what downside your e-book solves and what the advantages of your *Page 8* e-book might be to the customers who buy it.
