An efficient technique for figuring out a worth is to send out a survey to your present customers. If these prospects have already purchased an ebook from you, ask for their opinion in terms of price. Do that by creating a gross sales web page for the brand new ebook, but do not embrace a worth on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out costs by creating a variety of duplicate gross sales pages with different prices on each page. Be certain your sales copy is precisely the similar on each web page, and contains your selling-deal with sentence. Then determine for each web page the conversion ratio between visitors to your web site and gross sales of your book. This will tell you what your optimum worth is.

In the end, for those who've written a ebook that solves a drawback or presents a new technique, your guide will bring in both site visitors and profits. So be sure to write that promoting-deal with sentence that sums up what downside your guide solves and what the advantages of your *Sitemap C* e-book will be to the customers who buy it.
