An efficient approach for figuring out a price is to ship out a survey to your present customers. If these clients have already purchased an book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales page for the brand new e book, but don't include a worth on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to check out prices by creating a variety of duplicate sales pages with totally different prices on each page. Be certain your sales copy is exactly the identical on each page, and consists of your promoting-handle sentence. Then figure out for every page the conversion ratio between guests to your web site and gross sales of your book. This may tell you what your optimum worth is.

Ultimately, for those who've written a e-book that solves a drawback or presents a new method, your guide will herald both site visitors and profits. So make sure to write that selling-handle sentence that sums up what downside your guide solves and what the benefits of your *Sitemap Z* e-book will probably be to the customers who purchase it.
